Long Island University (2021)

EXPERIENCE

Economist

New York City Council

2024-Present

- Constructed regression models to forecast the city's economy and tax revenues.
- Monitored and reported on employment trends in the local retail and hospitality sectors.
- Cultivated expertise studying and preparing reports on the Sales Tax and Hotel Room Occupancy Tax.
- Advised Council Members on fiscal policy and drafted memos for budget negotiations.

City Planner & Mapping Specialist

New York City Department of City Planning

2023-2024

- Used geospatial and cartographic software in conducting zoning and housing studies.
- Prepared and delivered presentations on land use applications for the City Planning Commission.
- Advised architects and law firms on land use laws, zoning, and neighborhood developments.
- Served as a liaison for Staten Island Community Board 3 on city planning practices and zoning laws.

Trauma Data Analyst & Statistician

Richmond University Medical Center

2022-2023

- Conducted statistical regression analysis for trauma research publications.
- Prepared data reports and publications for executive briefings.
- Represented the Trauma Department at local and state trauma committee meetings.
- Audited 200+ daily Emergency Department patients using American Trauma Society criteria.

Research Assistant

Long Island Applied Research Center

2019-2021

- Organized a classified spreadsheet of 100+ human trafficking defendants.
- Formulated descriptive statistics for arrest and charge data.
- Generated data sets for a report to the Suffolk County Police Department.
- Built and analyzed logic models for review.
